PALYMPSES

A SIBLING POP-FOLK DUO FROM LYON

Born in Lyon, Palympses is an alternative pop-folk duo made up of two brothers, Bastien and Nicolas. After pursuing professional paths away from the music scene—one in architecture, the other in engineering—they returned to their shared passion for songwriting and composition.

Driven by the harmony of their voices, a defining element of their artistic identity, Palympses creates a sensitive and evocative musical world where organic melodies, genuine emotions, and personal stories intertwine. Their name, inspired by the word “palimpsest,” reflects the idea of rewriting and transformation. Through their songs, Bastien and Nicolas are writing a new chapter of their story, allowing past and present to engage in an ongoing dialogue.

SOCKS & SHOES

SAVOYARD VOCAL ENSEMBLE

It all started in 2016 with 12 voices and a passion for performance.

In 2022, the group Socks rebranded as Socks and Shoes. Today, the 21 singers on stage –led by Florent Roberton piano, Antoine Desbiolles' beatbox rhythms, and Sylvie Caillot Luc's choreographies– create the unique identity of this Savoyard vocal troupe.

Following the success of their shows On the Road and En Scène!, performed over 30 times (including at the Théâtre du Casino in Aix-les-Bains in 2024), the troupe continues its journey with a new production: Respire!, which will be performed in October 2026!
